Enter through door 16A (to the right/North of the auditorium), turn right, then walk left past the security desk, and turn left into the band hallway (floor tile is in a piano keyboard pattern!) and the band room is the first door on the left. We will leave cases there and move to the stage to take photos, warm up, and rehearse with guest conductor Chip Staley, former director of the AALB.

After the concert, shirts will be collected in the band room.
